

Visit **Trench** | Hall 1, Booth B3

INVITATION TO THE CIRED 2025

We are excited to inform you that Trench will be participating for the first time with our own booth at the **"CIRED 2025"** Conference and Exhibition on Electricity Distribution being held in Geneva from **June 16 to 19, 2025**.

We welcome you at our booth located in Hall 1, Number B3.

Our experts will be on hand to answer your questions. If you would like to plan an appointment, feel free to check out our event page ["CIRED 2025"](#) to book a slot with our team.

Additionally, we will following highlights at our booth:

- Launch of the new EFC70
- Hands-on-simulation showcasing the advantage of ARCC in compensated networks

We are presenting two papers at the conference:

- June 17: Mr. Aichhorn on advanced residual current compensation in Australian MV networks for bushfire prevention
- June 19: Mr. Robeischl on application limits for transient earth-fault analysis in compensated grids

Both papers will also be featured in a poster presentation on June 18, from 14:30–16:00 in the exhibition hall.

We look forward to seeing you and discussing new products, innovations, market developments, and trends.
